

Week 11 - Tuesday 14th July 2020

WALT: understand the different seasons on a farm.

Think about all the things you have learned about farms over the last few weeks. Farms are used for crops and animals, but what happens on a farm changes depending on the season.

Task 1: Write down the names of the four seasons - remember to use capitals as they are all nouns.

Task 2 - Watch this clip about seasons and think about what might happen on a farm during each season.

(Google - Geography KS1/KS2: The seasons - BBC Teach)

Task 3 - Complete the season wheel and write something that will happen on the farm during that season. Autumn has been completed for you. If you prefer you can draw your own wheel if you cannot print out the sheet.
