

Lesson 1 - 15<sup>th</sup> June 2020

WALT: understand the life cycle of a sunflower.

**Task 1:** Watch the video of the sunflower. It is a time lapse video so will show you the complete cycle from the sunflower being planted.

<https://www.youtube.com/watch?v=dKo5lvtnWw> (You can google Youtube - lifecycle of a sunflower timelapse)

**Task 2:** Complete the sunflower life cycle. You can draw it yourself or use one of the ideas on the following page.

**Task 3:** Write a description for each of the stages of the life cycle. There is some vocabulary to help you.

## Sunflower Life Cycle
