

CIRCLES Maths Week 2 – Wednesday 13th January

Thinking again about addition and number bonds. In each row circle the number bond which makes 10.

$8 + 2$

$8 + 1$

$8 + 3$

$7 + 4$

$7 + 3$

$7 + 2$

$9 + 0$

$9 + 1$

$9 + 2$

$6 + 3$

$6 + 5$

$6 + 4$

Complete the missing information. Show how you made 10 first and then add the remaining number.

$$1) 8 + 5 = \square$$

$$2) 6 + 5 = \square$$

$$3) 9 + 5 = \square$$

$$4) 7 + 5 = \square$$
