

Rights Respecting Schools

As a Rights Respecting School, we are trying to ensure that everyone is familiar with the articles in the UN Convention on the Rights of the Child (UNCRC)

Please see the separate document of UNCRC in child friendly language.

Task 1:

We would like you to create a class charter. This is just a set of class rules, linked to the articles in the UN Convention on the Rights of the Child.

For example:

Article 12 – you have the right to your opinion and for adults to listen and take it seriously.

- Put hands up
- Listen to others

Task 2:

Once you have thought of your rules, we would like you make a poster of them. Make sure that it is eye catching to encourage people to read it. Don't forget to include what articles your rules are linked to.
