

CIRCLES Maths Week 4 – Wednesday 27th January

Today you are going to think about **ONE MINUTE** and how many things you could do in one minute.

Task 1: Look at the different activities below. Think about how long each one would take you.

Circle the activities that would take you **LESS THAN** a minute.

(If you cannot print the sheet please write the numbers or the names of the activities)

1. Going for a walk

2. A single wink

5. A single handclap

6. A family meal

3. Kicking a ball

4. Building a sandcastle

7. Baking a cake

8. Shouting boo

Task 2: Choose 4 activities or tasks you could do in a minute.

Estimate how many you think you can do in a minute and record this.

Ask someone to help you count how many of the activity you could do in a minute.

For example:

<i>Activity</i>	<i>Estimate</i>	<i>How many in 1 minute?</i>
Star Jumps	10	12
