

I.C.T: Friday 12<sup>th</sup> February 2021

**WALT:** collect information about the properties and uses of materials.

As part of our 'Turrets and Tiaras' topic we would like you to find some materials which could have been used for a castle.

**TASK 1:** Find materials using this word bank of properties.

Try and find as many as you can, but do not worry if you cannot find them all. Some materials may have more than one property.

shiny

fuzzy

gritty

lumpy

prickly

smooth

bumpy

hard

rubbery

soft

wrinkly

rough

**TASK 2:** Choose and take a picture of 3 materials (more if you want to challenge yourself) and explain how these materials would be good if you were building a castle.

*For example: I would use bricks because they are hard and bumpy.*
