

## Year 3 Maths – Thursday 25th February

### Deriving multiplication and division facts – Lesson 12

In this lesson, you will learn how to divide a two digit number by a one digit number without regrouping.

First, take the introductory quiz. Then, watch the video and complete any activities it may ask you to. After that, have a go at the worksheet and the final quiz to test your learning from this lesson.

Follow the link to today's lesson:

<https://classroom.thenational.academy/lessons/dividing-by-a-one-digit-number-no-regrouping-c5jkar>

I have attached a copy of the worksheet if you would like to print it but if you do not have a printer then please complete the questions on paper and upload a photograph of them onto Class Dojo. Please also upload a photograph of the completed quiz.

## Independent task

Draw out a place value chart for each calculation and represent your tens and ones with drawings. Here is an example:

Hundred s <b>100s</b>	Tens <b>10s</b>	Ones <b>1s</b>
	/	• •
	/	• •

$$24 \div 2 = 12$$

$26 \div 2 = \square$

$44 \div 4 = \square$

$48 \div 2 = \square$

$50 \div 5 = \square$

$30 \div 3 = \square$

$63 \div 3 = \square$

$39 \div 3 = \square$

$66 \div 3 = \square$

Partition

Divide the tens

Divide the ones

Recombine
