

Science – Introductory Lesson

Our new topic for this term is 'light, sound and electricity.'

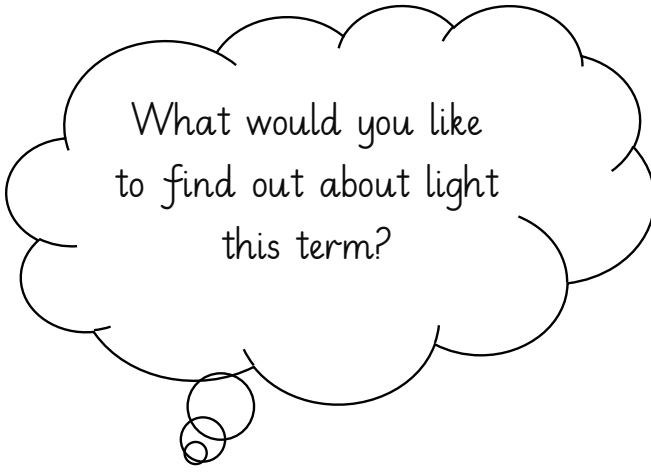

To start with, we will be focusing on light.

A hand-drawn thought bubble with a scalloped border and a small tail at the bottom left.

Look around the room, what can you see that gives off light?

A hand-drawn thought bubble with a scalloped border and a small tail at the bottom right.

What other things give off light? Are they all powered by the same thing?

A hand-drawn thought bubble with a scalloped border and a small tail at the bottom left.

What would you like to find out about light this term?

Create your own KWL grid like the example below – only fill in the first two columns 'What I know' and 'What I want to know' – and upload a picture to Class Dojo for your teacher see.

**Topic -** Science - Light
