

Maths

Friday 22nd January 2021

Counting up to 10 objects reliably.

For this lesson, you will need 10 small objects to count some number cards and a 10 frame. Either draw or print this.

Please click the link for this week's Maths. Today is Lesson 5.

All of the Maths tasks are on the video.

<https://classroom.thenational.academy/units/numbers-within-10-767b>

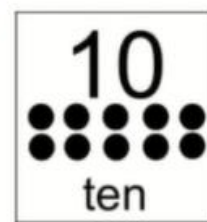

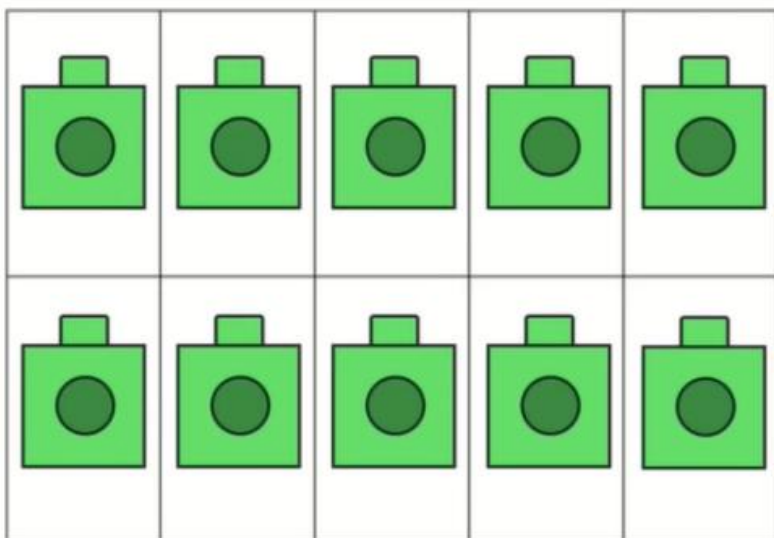

If you cannot access the video, follow this worksheet.

1. Can you count forwards 1-10?
2. Can you count backwards 10-1?

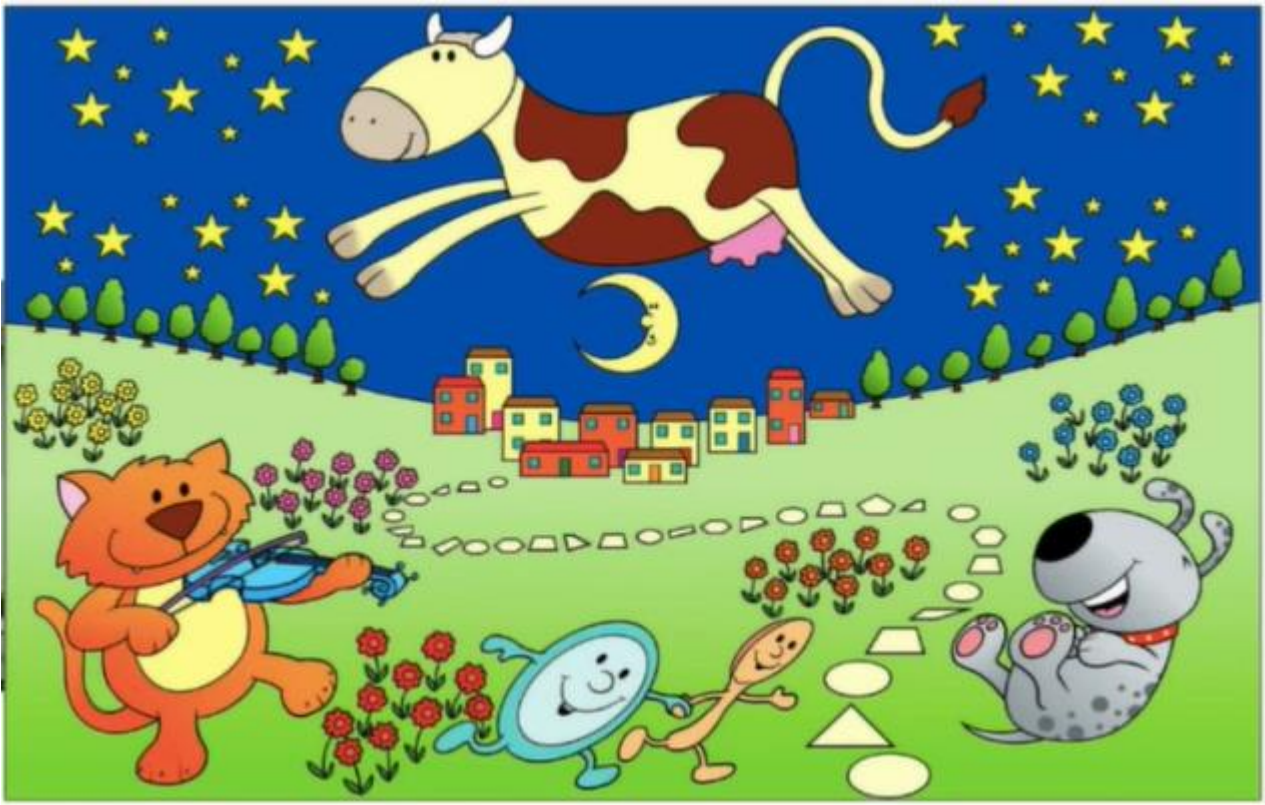

3. Look at the picture. How many yellow flowers are there? How many fish are there in the pond?

4. Can you represent 10 on your ten frame? Is there a different way you could make 10 on your ten frame?

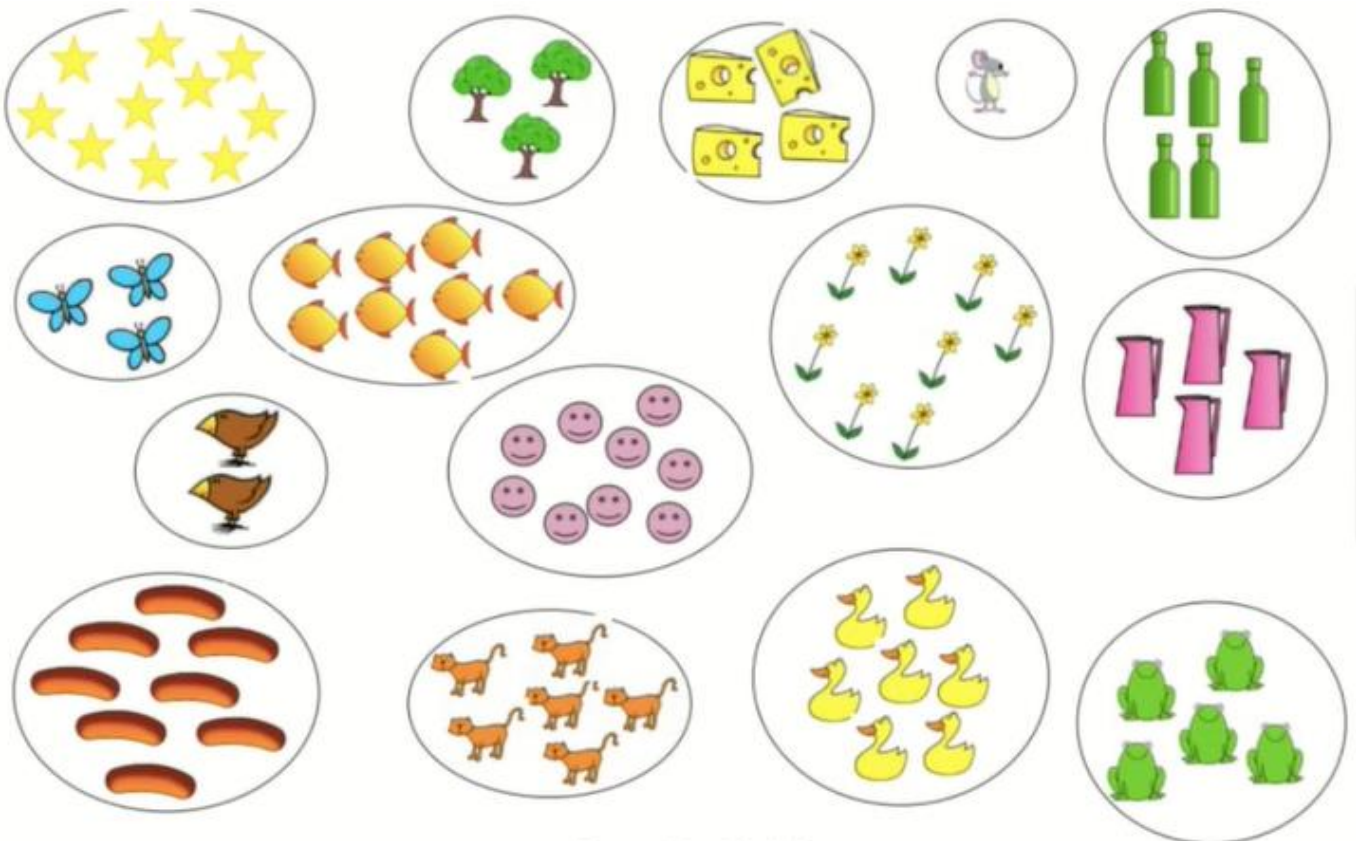

5. Look at the picture below. Can you find all of the objects that there are 10 of in the picture?

Main task:

Can you work out which number is represented by each of the circles below?

Please send your Teacher a picture of you watching the video or answering the questions on Class Dojo.
