

# Maths

Monday 18<sup>th</sup> January 2021

Recognising and counting numbers within 7

For this lesson you will need 10 small objects to count and this grid. Either draw or print this.

Please click the link for this week's Maths. Today is Lesson 1.  
All of the Maths tasks are on the video.

<https://classroom.thenational.academy/units/numbers-within-10-767b>

If you cannot access the video, follow this worksheet.

1. Can you count to 10?

2. Looking at the picture below:

- How many frogs are there?
- How many mice are there?
- How many tall bottles are there?
- How many short bottles are there?
- How many bottles are there altogether?

3. Using the ten frame (grid at the start of this sheet) can you show these numbers:

Here is an example:

Four

- 
- 7
- 5

4. Looking at this number line:

- Can you find the number seven?
- What number is one more or just after seven?
- What number is one less or just before seven?

Main task:

Can you work out which number matches which pictures?

(Please do not print or draw, just talk and count.)

## II Main Task

Please send your Teacher a picture of you watching the video or answering the questions on Class Dojo.
