

Maths

Wednesday 6th January 2021

Recap numbers to 10 and 20.

Can you put these in the correct order?

Try 1-10 first. Then 11-20 as a challenge.

If you do not have a printer, please use some plain paper to draw these cards as we will use them in the online learning over the next few weeks.

1	9	12	11	15
17	2	8	3	10
20	6	13	7	5
16	18	14	19	4

Please send your Teacher a picture of your work on Class Dojo.
